

**The 15th International Symposium on High-Tech
Fiber Engineering for Young Researcher
- Sustainable Development with Chemical
and Nanotechnology -**

2nd-5th September, 2024

Organizers: Nantong University, Nantong, China

Shinshu University, Ueda, Japan

Call for papers:

The main theme of ISFE-15 is "Sustainable Development with Chemical and Nanotechnology". All participants attending the ISFE-15 are invited to submit papers. Submissions of original work related but not limited to the following topics are welcomed:

- (1) Fiber materials & Textile products
- (2) Polymers for bioengineering
- (3) Degradable and recyclable polymer materials
- (4) Nanotechnologies
- (5) Natural Polymers
- (6) Other relevant researches in fiber materials and polymer science.

Important dates:

Paper submission deadline: July 20, 2024

Acceptance notification: July 30, 2024

Conference Program *:

| Date | Time | Schedule |
|---------------|--------------------|--|
| Sep. 2 | 12:00-20:00 | Conference registration |
| Sep. 3 | 09:00-12:00 | Opening Ceremony Plenary Lecture |
| | 13:00-17:00 | Keynote Speech/ Oral Presentation |
| Sep. 4 | 09:00-12:00 | Oral Presentation |
| | 13:00-17:00 | Post Presentation |
| Sep. 5 | 09:00-12:00 | Factory Visiting |
| | | Cultural Experience |

* The program is a draft for reference. The final program will be posted after paper submission and acceptance notification.
